

# ANZICS ADULT PATIENT DATABASE

## 2026 DATA SUBMISSION FACT SHEET

Data submissions to the Adult Patient Database are made via the CORE Portal on a quarterly basis and are based on the date of ICU admission.

A data submission will be rejected for the following reasons:

- > 12 months of data,
- Duplicate or overlapping admissions,
- Missing or incorrect field names,
- Incorrect file or format (please use excel or csv),
- >20% of submitted records have missing key SMR variables: (Physiology, Hospital Outcome, Diagnosis).
